

Bài tập 1:

```
interface Mail {
    void sendMail();
}
```

```
interface
void log();
}
```

```
class MailImpl implements Mail {
```

① override

```
    public void sendMail() {
        System.out.println("Đang gửi mail...");
    }
```

② override

```
    public void log() {
        System.out.println("Đang ghi log.");
    }
```

```
};

class Main {
```

```
    public static void main (String [] args) {
        MailImpl mail = new MailImpl();
        mail.send();
        mail.log();
    }
```

2)

```

interface Shape {
    double area();
    double perimeter();
    void draw();
}

```

```

public class Rectangle implements Shape {
    private double width;
    private double height;
    public Rectangle Rectangle(double width,
                                double height) {
        this.width = width;
        this.height = height;
    }
}

```

① override

```

public double area() {
    return width * height;
}

```

② override

```

public double perimeter() {
    return 2 * (width + height);
}

```

@ override

~~pub~~

public void draw() {

System.out.println("Vẽ hình chunhat");

public class Circle implements Shape {

private double radius;

public Circle(double radius) {

this.radius = radius;

@ Override

public double area() {

return Math.PI * radius * radius;

@ Override

public double perimeter() {

return 2 * Math.PI * radius;

@ Override

public void draw() {

System.out.println("Vẽ hình tron");

★ STARBOOK

```
public Class Main {  
    public static void main(String[] args){  
        Shape r = new Rectangle(4, 5);  
        Shape c = new Circle(3);  
        r.draw();  
        System.out.println("Diện tích: " + r.get  
                                r.getArea  
                                ());  
        System.out.println("Chu vi: " + r.getPerime  
                                ());  
        c.draw();  
        System.out.println("Diện tích: " + c.getArea  
                                ());  
        System.out.println("Chu vi: " + c.getPerimete  
                                ());  
    }  
}
```

BT 3.

```
